

Queen's Birthday Weekend 2017 O/Night Excursion Report:

Over the Queens Birthday weekend approximately 40 club members made the most of the beautiful weather and attended the PMCC overnight trip to Steamer Landing. As has become the norm in recent times all who attended had a fantastic time with lots of lively conversation. The evening barbeque and breakfast on Sunday was a huge success with the variety of salads provided by the crews of each boat adding to the range of culinary delights. At risk of offending any of the many members who all pitched in to make this event a very enjoyable occasion, I'd like to acknowledge the massive effort put in by Gary Smith and Ian Hall.

The Fishing competition was won by Sam Beechey who managed to hook the one unlucky fish that was actually caught. There were of course lots of excuses for the lack of fish!

Photo's of the weekend can be viewed on the "Gallery" page of this website.
